2009 WHISPERING HILL VINEYARD RIESLING

The Vintage: Outstanding vintages with fruit achieving maximum flavours and maturity.

The Winemaking: The parcels were picked and processed within 2 hours to ensure that the vibrancy and freshness of the fruit was retained. Free run and pressing fractions were separated. All the parcels were fermented using natural yeasts only and batonage was carried out until bottling.

The Wine: Almost water like in appearance, this is a soft and finely textured wine that may be enjoyed with food. Floral notes and citrus components are evident in this textural and approachable Riesling. The wine is gentle with minerality and a long clean finish.

Drink With: Poached fish, mildly spiced Thai dishes, Pork Belly
