Pedestal

Pedestal is so named due to the elevation of the Margaret River vineyard we initially sourced fruit from to create these wines.

It is with our Pedestal range, now encompassing a number of vineyards from north to south, that we seek to uncover and express sub-regionality in this part of the world. In general terms, Northern Margaret River is better suited to red wines with its slightly warmer Indian Ocean influence whereas southern Margaret River is better suited to whites and the cooling influence of the Southern Ocean breeze.

Here we show images of Margaret River that are aromatic and vibrant, not heavily oaked.

The concept of Pedestal is about raising the fruit expression above any winemaking construct.

---

**THE VINTAGE:**
Margaret River had an abundant winter and spring rainfall followed by little or no rain from November until mid-March. Whilst yields were relatively low in the region for this year, fruit picked was of an excellent quality.

**THE WINEMAKING:**
The fruit was hand harvested and transported to the winery where it was cooled overnight and hand sorted. Maceration lasted for 6 weeks with minimal pump overs and temperatures ranging from 12°-27°C. The wine was pressed to tank and allowed to settle for 7 days prior to oak maturation.

**THE WINE:**
Blackcurrant, red earth and gravel. Soft fine tannins, spicy oak, and a long fine finish.

**DRINK WITH:**
Roast Lamb.
