

Pedestal

Pedestal is so named due to the elevation of the Margaret River vineyard we initially sourced fruit from to create these wines.

It is with our Pedestal range, now encompassing a number of vineyards from north to south, that we seek to uncover and express sub-regionality in this part of the world. In general terms, Northern Margaret River is better suited to red wines with its slightly warmer Indian Ocean influence whereas southern Margaret River is better suited to whites and the cooling influence of the Southern Ocean breeze.

Here we show images of Margaret River that are aromatic and vibrant, not heavily oaked. The concept of Pedestal is about raising the fruit expression above any winemaking construct.

2021 Sauvignon Blanc

THE VINTAGE:

A very challenging year with above average rainfall. Careful fruit selection and canopy management made all the difference with expressive white wines with longevity due to the long, slow ripening. The northern end of the Margaret River, Wilyabrup and Yallingup experienced very different conditions to the south. Reds are very perfumed and long in flavour with abundant tannins.

THE WINEMAKING:

The fruit was harvested in the early evening and de-stemmed, with the juice being fermented in stainless steel. A selection of both wild and cultured yeasts were used.

THE WINE:

Passionfruit, lime zest and cut grass with a lively acidity and long finish.
